They are able to accomodate all types of set-ups including tents. All the owner asks is that you use the restaurant and that shouldn't be too big an 'ask' as they offer top quality food at rock bottom prices. They are also offering the use of their showers for a nominal fee.

Please book in direct with Orwell Park ASAP as it's strictly first come first served. The NASC are UNABLE to deal with enquiries or bookings.

2010 Nationals - The Bands

FRIDAY NIGHT SPILLAGE ROCK

After last years fantastic rendition of white room we had to get them back, yes once again Spillage is kicking off the live music stage with more classic rock numbers from Queen, Toto, Van Halen, Rainbow, Whitesnake, Deep Purple, Quo the Who and many many more.

Stef on vocals, Kev on lead guitar, Matt on keyboards, Jason on bass and Sean on drums, Spillage are one of the tightest rock cover bands you'll see, playing original classic rock numbers that other bands wont even attempt.

THE GLITTER BAND

There Back and coming to the NATS.

Yes one of the biggest and the best Glam Rock bands of the 70's and even now they sound scary. The Glitter Band were the musicians who backed Gary Glitter the man we don't want to talk about, on the own they had a string of international hits including Angle face, Goodbye my love and Lets get together again, so after many years living under a cloud The Glitter Band are striking back with the original band and a fantastic stage show, so come on come on and join the new leaders of the gang, sing it loud and proud.

This is one band you cannot miss I mean it's the perfect start for the first night at the biggest rod and custom car show..... in the world.

SATURDAY CRUZE THE HUMDINGERS

Once again the local Suffolk band the humdingers will be playing on the sun kissed Felixstowe beach, four mad wacky dressed men will be putting there own slant on Rock N Roll and country classics, yep, wacky dresses men, good music, throbbing V8's, Fantastic looking cars, and the biggest rod and custom cruze in the world "look out locals we are back"

SATURDAY NIGHT MADNESS - ONE STEP BEHIND

"One step Behind" is the UK's premier madness tribute band, each member of the band grew up as a Madness fan and has perfected his portrayal of the original Madness counterpart. Like madness One Step Behind are well known for they're on stage Nutty Antics and audience participation.

So don't just read this, Join us on Saturday night,

For the nuttiest sound around, Put your shades on and let your feet feel the beat, For the rockiest rock steady beat of Madness "One Step Behind"

SUNDAY AFTERNOON THE WYNTOWN MARSHALS

The Marshals plays songs about love, loss, heartbreak and the ride we call love, the Marshals are a UK country band with an amazing Rock 'N' Roll twist. There is no better way than spending a chilled out Sunday afternoon listening to live music with a beer in the bar.

SUNDAY NIGHT ABBA GOLD

Often copied ABBA gold are the original ABBA tribute band they have toured all over the world, playing to more than 2 million people, believe it or not they have even played to rodders, so girls this is your chance to put your dancing shoes and sing along to Dancing Queen, Waterloo, Mama Mia, Super Trooper and many more of those great numbers.
